

PROVISIONAL - 2016 Field Archery National Rankings

The 2016 Ranking list will be finalised on the 1st January 2017. Please check the provisional ranking list and inform the Field Committee of any errors or omissions.

Based upon the top three 2-day scores from qualifying tournaments

With the exception of the World Archery Field Archery Championships 2016, only results from two-day record status field tournaments shot within the United Kingdom will be used for the 2016 national ranking. An archer's scores will only be included in the national ranking where the archer has entered a UK tournament either as a direct member of ArcheryGB or as a member of a club affiliated to ArcheryGB.
