UK Record Status Field Tournament Application Guidance

UK Record Status field tournaments must have a Regional Judge (or higher) in charge.

UK field records are only kept for rounds of 24 Targets per day. For 2 day shoots, the unmarked round must be shot first, unless separate courses are to be used each day. Records will be kept for Red, Blue and White pegs only for archers shooting the correct coloured peg for their style and age group.

Results for the tournament shall be submitted (2 copies) to AGB office and an electronic record to Chairman of field for annual rankings and shall include as a minimum the following data;

Archers first & Last Name, AGB number, 1st day score, 2nd day score, peg shot, bowstyle

Membership Services should be informed, as soon as convenient, of any changes to details in part 1 and 2 of this application.

Refunds are not available for cancelled tournaments; however, minor changes might be approved.

Archery GB tournament details will be published in Archery UK and at www.archerygb.org

If applying for UK record status for the first time, please include copies of a previous tournament entry form, target list and results sheet

To avoid disappointment, applications must be received by Membership Services at least 3 months prior to the tournament date for approval.

Membership Services will endeavour to confirm receipt of applications to the Tournament Organiser within 2 weeks by post/email. If you have not received confirmation within this time; please contact Membership Services. Once Record Status has been granted (usually within 6/8 weeks), Membership Services will forward the tournament monitoring and the record/award claims paperwork for you, the judges and the archers to complete during/after the competition.

Tournament Organisers should be familiar with SAP 3, the relevant rules for the rounds being shot, the Tournament Organisers Handbook and the incident notification guidelines associated with Archery GB's insurance liability cover.

Where reasonable, tournaments should accommodate the needs of archers with disabilities.

All ranges must be registered in accordance with the range registration process

5 APPLICATION CHECK LIST

Part 1, Tournament details complete

Part 2, Tournament Organiser details complete

Part 3, Arrowhead Status approved by Region

Range registered

First time applying for Record Status (additional paperwork required)

Applications must be made at least 3 months before the tournament

Application fee paid by cheque or BACS

Completed World Record Status Tournament applications should be sent to Regional Secretaries for approval. When approved by Region, the application should be sent along with the fees to: World Record Status Tournament Application, Membership Services, Archery GB, Lilleshall National Sports and Conferencing Centre, Newport, Shropshire, TF10 9AT
