

World Archery Europe 3D Field Archery Championships 2018 Selection Policy Announcement

The European 3D championships is to be held in Sweden from September 18th to 22nd in Gothenbourg, Sweden. This event follows directly after the World Field Championships in Cortina 4th to 9th September.

Selection will therefore need to be completed by end June to allow sufficient time for all the administration to be completed for the travel, entries etc.

The intention is to select archers for this event from 3D competitions that are to be held across the UK, but these need to be completed by end June.

At present there have been 2 shoots notified to the committee that will run in June, these are 9th & 10th June run by Eagle Bowmen and hosted by Avalon Archers in Sandy, Bedfordshire and 23rd & 24th June at Banbridge in Northern Ireland.

A further shoot is being organised in Scotland, however at present dates and venue have not been confirmed.

The committee are aware of a 3D shoot at Pentref, however this is scheduled for the 14th and 15th July and is outside of the time period for selection.
