2011 / 2012 WFAL League Tables explained:

- The feedback we have received has suggested that archers feel more focus should be on practise, improvement and encouragement of Field Craft and Field Archery.
 - The tables of scores are aimed to encourage people, show improvements as well as demonstrate the popularity of field archery.
 - For those with a competitive side, all of the clubs participating in the WFAL will be putting on tournaments throughout 2012 – please support them.
1. The WFAL tables will be created **adding together the highest 4 scores shot during anytime between 23rd October 2011 – 25th March 2012.**
 2. The score's entered shall be for a single marked unit (12 targets).
 3. If a full 24 target marked course was completed, then the total score from 24 targets divided by 2 will be accepted.
 4. Only 1 score per single day shall be accepted. If two units are scored on the same day then submit the higher only
 5. Recognised Bow disciplines shall be: **Recurve, Compound U/L, Compound Ltd. (RED Pegs)**
Barebow Recurve, Traditional, Longbow, Compound Barebow. (BLUE Pegs)

6. It is the responsibility of the archer to ensure that their score is submitted to the League organisers for inclusion in the tables. If anyone wishes to collate scores and send "on mass" – it will assist us greatly.
