Shooting groups will be allocated for the first day by ballot, adjusted as necessary, with a possible reallocation for the second day by order of scores. In accordance with FITA rules, searches for lost arrows must not delay shooting groups; such arrows should be sought on completion of shooting. If archers will note where their arrows were lost, a work party may assist in a search for them after shooting

All lost arrows must be reported to the tournament organiser on the day, after the day's scoring has been completed.

Rules for the Home Nations at the All-British Field Championship.

1. Each competing Nation shall field a team of one each of the following disciplines (in order of seniority): Compound Unlimited (CUL), Compound Limited (CLtd), Recurve (RC), Compound Barebow (CBB), Barebow (BB), Traditional (TRAD), Longbow (LB).
2. Each team must include at least two Gentlemen or Ladies.
3. Juniors may be members of the team providing they shoot from the senior peg for their discipline.
4. The names of all team members must be submitted in writing to the Tournament Organiser by assembly on the first day of the Championship by the Field Liaison Officer or duly appointed Team Manager for that Nation.
5. If a Nation is unable to place a discipline, an archer can be pulled in from a lower listed discipline. Thus, if Wales is unable to find a CLtd they can put in an extra RC.
6. If, due to *force majeure*, a named team member cannot shoot, all the recognised Field Liaison Officers for the Nations will meet and come to a mutual agreement on a replacement. If agreement cannot be reached, the matter will be decided by the Chairman of the Field Committee.
7. The total of all 7 scores count as the system allows 7 styles and a system to cover any absence in a style.
8. Gold medals will be awarded to all members of the winning Nation. No medals for lower places.
